Dear Steve,

I wanted to thank you for your excellent service and key role in my recent contract signing with Shasta Emergency Medicine Group. Because I was heading to New Zealand for a year of locums work, I had the difficult task of securing a job in Emergency Medicine a year and a half before I would return to the US to work. You effectively communicated my unique situation to several EM groups, and followed through in detail every step of the way. I especially appreciated your timely updates and outstanding communication, such that I never wondered where we were in the process.

Please feel free to use this letter as a reference for future clients. I would recommend your efficient and professional service without reservation.

Kind regards, and "Cheers" from down under,

Greg Hartt, MD, PhD
Emergency Medicine Consultant
Global Medical Inc.
